JACKIE ANDERBERG, KURT KAUFMAN JOIN PEOPLE'S BANK BOARD

Medford, OR—Bill Jacobs, chairman of the board for People's Bank of Commerce, is pleased to announce the appointment of Jackie Anderberg and Kurt Kaufman to its board of directors.

Semi-retired, Anderberg is most renowned for founding United Risk Solutions, a commercial insurance risk management and brokering firm located in Medford, Oregon and licensed in 48 states. Beginning in 2006, United Risk grew from two employees to 45 employees and more than \$75 million in annual premium volume. United Risk was recognized as one of Oregon's 100 Best Companies to work for with 50 or fewer employees.

"We are fortunate to gain such an esteemed community leader to our board," says Chairman of the Board Bill Jacobs. "Her expertise in risk management and business will be invaluable to the bank."

Anderberg remains active in many projects, which include: partnership in a start-up technology company, Backlot Casting, located in Los Angeles, California; founder and owner of Laundry & Quarters, which provides short-term lodging for guests in Jacksonville, Oregon; and an advisory board member for the Seattle-based lifestyle brand, Simply Pets.

She is a licensed insurance agent and consultant and earned her business degree with honors from Idaho State University.

Since 2008, Kaufman has been part-owner of Croman Corporation based in White City, Oregon. Croman provides aerial services for fire suppression, logging, and heavy lift and construction.

Kaufman is also part-owner of C&K Properties, T&K Enterprises, and a mining company, Big Spring Gold, LLC.

“It’s rewarding to have Kurt join People’s Bank’s board,” says chairman of the board, Bill Jacobs. “Their family has been a pillar of our community for generations and Kurt’s local perspective and contribution will be vital to the bank.”

Aside from his Croman responsibilities, Kaufman is a farmer of 33 acres of pears, 28 acres of row crops including corn, squash and pumpkin. He was also a board member for Southern Oregon Sales – an agricultural processing plant working with some of the largest agricultural producers in the region.

In 1995, Kaufman was named by Oregon State University’s Extension Service as one of the top 10 producing orchardists in the Rogue Valley. He is also USDA certified as a Good Agricultural Practices Grower.

People’s Bank of Commerce is a locally-owned and managed community bank founded in 1998 with locations in Medford, Central Point, Ashland, Grants Pass and Klamath Falls. For more information about People’s Bank of Commerce, contact Ken Trautman at 541.774.7654 or visit www.peoplesbank.bank.
