

Out of Band Authentication (OOBA) Instructions

1. OOBA is an additional security layer to validate your login to People's Bank eBanking. To sign in to your account, visit www.peoplesbank.bank or through our mobile app.
2. Logging in for the first time since the upgrade? Your Username is the same. Your temporary Password will be your Username + Last 4 of your business Tax Identification Number. You will no longer use your Security Token (FOB) device.

3. Now you will begin the Out of Band Authentication (OOBA) setup. Click on the “Let’s Get Started” button below to start

4. First you will be prompted to add a device to your profile (if you haven't already). Enter your phone number and the nickname of the device you wish to associate with it. (If you set up multiple phone numbers on your profile for OOBAs use, the nicknames will display in a drop down list for easy reference.)

DEVICE SETUP

COUNTRY
United States →

PHONE NUMBER required

NICKNAME required

Your device's nickname is how it will be referenced when signing in later or editing device settings.

SELECT YOUR DEVICE

Can your device receive a text message?

Use other mobile device or landline

5. Then it will ask if you'd like a text or call to confirm the number you just entered.

7. OPTIONAL: If you have a smartphone, here you can enroll in the app Duo Mobile to log in quicker (it will send you a push notification to your cell phone to accept/deny login instead of having to key in a code). **You can skip the Duo Mobile setup by clicking “SKIP THIS STEP” at the bottom.**

8. If you skipped the Duo Mobile app, your set-up is now complete.
9. If you selected the "USE DUO MOBILE" option you will receive 2 links via text to download and verify the app.

Download Mobile App: <http://m-bb417c63.duosecurity.com>

To activate the app, click and open this link with Duo Mobile: <https://m-bb417c63.duosecurity.com/android/zZNTQ54F3GEk4XeNBNfM>

10. This will take you to the app store. Click to allow the link to open, then download the Duo Mobile app.
